

**IRVINE RANCH WATER DISTRICT**  
**NON-RESIDENTIAL METER APPLICATION REQUIREMENTS**

**All** of the below listed items must be presented when applying for a non-residential meter. We are currently experiencing a 2 to 3 week lead-time to set a meter from the time the application is activated. **Failure to provide all required information will result in a delay in making application and setting your meter.** If you have ANY Questions regarding this information, contact Janet Irey immediately at 949/453-5596

- **Civil Plan As Approved By IRWD (The Grading Plan Is NOT Acceptable!!!)**  
 One Half-Size or Full Size Print for each meter requested (2 Meters - 2 Prints!) We only need the sheet that the meter appears on with the meter location highlighted and the address written in as well as an Index Map locating the meter within the scope of the project and surrounding area.
- **Approved Landscape Drawing (Needed For Reclaimed Irrigation Meter Requests)**  
 (Reclaim Irrigation Plan As Approved By IRWD). We need the Irrigation Portion of the Plans with the meter location highlighted and the address written in. (This is in addition to the Civil Plan as mentioned above - we need both). **You will not receive a jumper or meter until all required signage is in place.** See "Recycled Water Warning Sign" notification.
- **Letter of Request - MUST Include The Following Information:**
  - ⇒ IRWD Reference Code (4 digit code found bottom right corner of approved Civil Plan)
  - ⇒ Meter Address For Each Meter Requested (Business Name & Physical Street Address)
  - ⇒ Billing Address For Each Meter Requested (To Bill Monthly Water Use Charges)
  - ⇒ Type of Service and designated use For Each Meter Requested (i.e. Reclaimed or Domestic Irrigation, Domestic to a Building, by-pass on a Fireline, Service to a Recreation Area/Pool, etc.)
  - ⇒ Service Size (located on civil plan) & Meter Size For Each Meter Requested (see Approved Landscape Plan or Chart Below to Size Your Meter)
  - ⇒ List a Job Site Contact Person with a Phone Number (To Coordinate The Meter Set)
  - ⇒ List an "On-Site Reclaimed Water Supervisor" and a Phone Number for All Reclaimed Irrigation Meters (Who is responsible for the daily operation of the system?)
  - ⇒ **All Irrigation Meters (Both Reclaimed and Domestic) Must Have Total Square Footage of Area To Be Irrigated Called Out (In Either ft<sup>2</sup> or Acres)**
- **Money, Money, Money**  
 We Need a Check or Cash for the Meter, or verification of pre-payment. (No Credit Cards accepted.)

**How To Size Your Water Meter And What It Will Cost You**

<u>Meter Code</u>	<u>Meter Size</u>	<u>Maximum GPM</u>	<u>Cost of The Meter</u>
01	5/8 x 3/4 (Dev. Installed Residential Only)	20	\$ 55.00
01	5/8 x 3/4" Displacement (Also By-Pass)	20	80.00
02	Full 3/4" Displacement	30	105.00
03	1" Displacement	50	175.00
34 / 40	1-1/2" Single Jet or Turbine*	120	290.00
35 / 06	2" Single Jet or Turbine*	160	710.00
36 / 12	3" Single Jet or Turbine*	350	1,025.00
37 / 14	4" Single Jet or Turbine*	1,000	1,890.00
38 / 15	6" Single Jet or Turbine*	2,000	Verify Cost and Availability
39 / 18	8" Single Jet or Turbine*	3,500	Verify Cost and Availability
20	10" Turbine*	5,500	Verify Cost and Availability

**\*Turbine Meters Are Only Allowed To Be Used For Irrigation Purposes**
