

Irvine Ranch Water District

Construction Notice

Work to Begin on Foothill Zone 6 and Portola Zone 8 Reservoir Chloramine Booster Stations March 28, 2016

Who: Irvine Ranch Water District

When: Work will begin in April 2016 and is expected to be complete March 2017

Where: The work will take place at the two locations listed below:

1. Foothill Zone 6 Reservoir – 2 Touraine Place, Foothill Ranch.
2. Portola Zone 8 Reservoir – 18967 Saddleback Ranch Road, Lake Forest

See reverse for location map.

Project Summary: This project will construct chloramine booster stations and reservoir mixers at the Foothill Zone 6 and Portola Zone 8 domestic water reservoirs. The work will include clearing the site, construction of the chemical storage buildings, chemical delivery, and reservoir mixing systems. These projects will allow IRWD to serve the highest quality water from the reservoirs by maintaining optimal disinfection and ensuring sufficient mixing of the water.

Project Impacts: The project sites are located on IRWD owned property and no offsite impacts are anticipated.

Work Hours: 8 a.m. to 3:30 p.m., Monday through Friday, excluding holidays. No weekend work is planned.

Questions: Questions regarding the project may be directed to Cheryl Kelly in the IRWD Public Affairs Department at (949) 453-5500.
