EXEMPT STATUS: ☒ Categorical Exemption: Class 1, "Existing Facilities", Section 15301
☐ Statutory Exemption: _____
☐ Other: _____

REASONS WHY PROJECT IS EXEMPT: The effects of the proposed project are Categorically Exempt from the requirements to prepare additional environmental documentation per California Environmental Quality Act (CEQA) Guidelines, Section 15301, Class 1 (Existing Facilities). The Class 1 Exemption consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The proposed project includes filling and repairing the cracks, potholes, pits, and large failures of the liner on the upstream slope of the reservoir crest. The repairs will extend the life of liner, which protects the underlying earth material from eroding. In addition, pursuant to Section 15300.2 (c) and 15301 of Title 14 of the California Code of Regulations, there are no unusual circumstances in respect to the proposed project for which staff would anticipate a significant effect on the environment.
