

Multi-Family Property Variance Request for Increased Water Budget

Property Name: _____

Contact Person: _____ Date: _____

Contact Phone: _____ Contact Email: _____

Instructions:

A multi-family water budget is based on the number of dwelling units, the number of residents, pools and spas, recreation rooms, and any common landscaped area that is served by the same water meter. A variance is an allocation of water greater than the default water budget IRWD uses for the type of residence. **Please complete one worksheet per property to ensure the water budget is appropriate for the current water demands for each account.** Return the completed worksheet by email to waterefficiency@irwd.com. Variances for additional people must be renewed annually. Questions related to this form can be directed to the Water Efficiency Department at (949) 453-5581 or waterefficiency@irwd.com.

	Account Number	Service Address	Dwelling Unit Count	Tenant Count	Describe other specific water requirements of the account. (i.e., landscape, medical needs, laundry room, recreation room, etc)
