1 Account Number

Use this number when you request information regarding your account.

2 Usage Information

Previous and current meter reading/water usage in ccf and gallons/average gallons per day.

3 Previous Period's Balance

The balance from your last bill statement.

4 Last Payment Posted

The last payment made to your account at the time your current bill statement was generated.

5 Allocation-Based Conservation Rate Structure

To pay the lowest rates, keep your water use within the Low Volume and Conservation Base tiers. If you see charges in the Inefficient, Excessive, and Wasteful tiers, you've used more water than your allocation.

6 Water and Sewer Service Charges

These charges are set to recover the fixed costs of maintaining IRWD's water distribution system and sewage collection and treatment services.

7 Your Allocation

Your allocation is your target for water use and is based on the type of home you live in, the number of people living there, landscape square footage, and the weather. For more information visit www.irwd.com/services/allocations.

8 Due Date and Amount Due

If payment is not received by the due date, a 10 percent late charge will be levied on the original unpaid balance plus 1.5 percent interest thereafter until paid.

9 Important Information

Check this area for important information.

10 Usage Graph

Compare your monthly allocation with your water use for the past 13 months.

11 District Information

District address, phone number, business hours, and website address.
